PROFILE

I am a student in the Faculty of Applied Mathematics and Computer Science. I am striving for a career in IT where I can apply my mathematical mindset to create useful and user-friendly software. I want to develop solutions that genuinely improve people's daily processes. I am eager to learn, dive deep into details, and contribute with my knowledge in mathematics and logic.

EXPERIENCE

■ University practise BSU, FAMCS

- Development of a desktop application with a graphical interface. Responsibility for the implementation of UI components, their layout and communication with the logic of the C++ application.

Team project

- As part of a team project to develop a client-server application for making an appointment, I was responsible for the Java client side. Designed and implemented a console user interface with a multi-level interactive menu.

SOFT SKILLS

- Professional experience in painting and composition.
- Experience realistic drawing and digital painting.
- Regular swimming lessons.
- Annual fishing

EDUCATION

2024-2028

BELARUSIAN STATE UNIVERSITY

- Mathematician-programmer

SKILLS

- Languages: C++ / Qt / Java / Assembler (STL, JavaFX)
- Unit-testing: (Google Test, Qt Test)
- Algorithms & Data Structures
- Databases: MySQL, SQLite
- OS: Windows, MacOS, IOS
- Methodology: Agile, Kanban
- Other: Figma/Canva/Blender

LANGUAGES

- English (B1)
- Russian (native)
- Belarusian (native)
